MRS. D. W. STANTON PLACED ON STAND

She Gives Detailed Account
Of Her Dealings With
Jesse Rolph

CROWD INSIDE RAIL

More Witnesses to Follow—Jury May
Not Get The Case Before Tomor-
row Night.

Susie Grisby, colored, formerly a
servant in the defendant's home at
Rosemont, was the star witness yes-
terday afternoon after the Gazette
reported closed.

The Grisby girl declared she dis-
covered Rolph choking Mrs. Stanton
one day in a Washington hotel, Rolph
was there, she said, with Mrs. Stan-
ton and the two Stanton children.

Pointing the pistol at Rolph, the
servant girl declared, she said: "If
you don't leave her alone I will shoot
you."

Mr. Blankenship testified that in a
conversation with Rolph the question
arose whether Rolph knew Mrs. Stan-
ton, and Rolph remarked he did,
whereupon this witness said to him
that he had better be careful or he
might get shot. Here he said Rolph
remarked: "What, that little shrimp,
I could eat twenty-five like him."

The third day of the trial of D.
Worth Stanton, charged with shoot-
ing and killing Jesse Rolph in Rose-
mont on May 12, attracted many
spectators to the Corporation Court
room.

Miss Meta Tanner, graduate nurse,
was the first witness to take the
stand. She attended Rolph at the
Alexandria Hospital; later, while in
much pain, had declared that should
he get well he would "make some-
body pay for this."

The court ruled this out, but Mr.
Burke insisted that the evidence
should go before the jury, as he
contended that Rolph had uttered
threats before the shooting. The
court was inflexible, however, and
Mr. Burke noted an exception.

Miss Tanner, upon being cross-
examined, said she told Rolph he
was in a critical condition. He
realized he was in an extremis, and
declared he had done nothing to
cause Stanton to shoot him. He de-
clined the services of a minister, ex-
claiming, "What the use at this late
hour?" He later said, "Lord have
mercies on me."

Mrs. Martha V. Stanton later took
the stand. She said she is 22 years
old; was married to D. W. Worth
Stanton April 12, 1912; has two
children; had property of her own
when she married; amicable
relations existed between herself and
husband until the beginning of the
year; told of the beginning of her
acquaintance with a certain woman
in her neighborhood; became ac-
quainted with Rolph about the be-
ginning of the year; later saw him
frequently.

The Commonwealth Attorney ob-
jected to any evidence concerning
her relations with Rolph which had
not come to her husband's knowl-
edge. The court sustained the ob-
jection.

Mrs. Stanton, continuing, said she
had met Rolph on the street; he
had invited her to enter his automo-
bile; had accepted the invitation; had
informed her husband, before the
shooting, of Rolph's transactions
with her; he had given her an auto-
mobile; Rolph often visited her fa-
mily; Rolph had told her that he
was a good fellow; deceased
had used violent language in re-
ferring to her husband; the neighbor
referred to had praised Rolph and
induced witness to do as she did;
Rolph had told her if she did not
leave her home she would not get
the money from him to meet her
checks; witness then told of her ex-
perience in Washington; of meeting
Rolph and of his remaining virtually
all night; she told of obtaining

money on checks in Washington.
Rolph had threatened to kill witness
and her husband, too, should she
leave him and go back home; said
Rolph had choked her when she de-
clared his intention to leave for
home; witness was away from her
home two weeks; Rolph had a key
to her apartment in the Washington
hotel; had told her experience with
Rolph to her husband; latter had
said he would see Rolph; told him
deceased had threatened to kill him;
witness went into a long recital of
her business transactions with Rolph
—the uttering of checks and the
financial aid tendered witness; Rolph
was to meet her on the afternoon he
was shot.

The cross examination followed.
Witness said she had told her hus-
band of her transactions with Rolph
ten days before the shooting.

At this juncture, it being near one
o'clock, the court took a recess until
2.

DE VALERA INVITED TO VISIT BALTIMORE

Baltimore, Aug. 7.—John Andrew
Jackson McKenna, from the Tenth
ward, had the first branch of the city
council pause long enough last night
in its fight against food and rent
profiteers to extend an official invita-
tion to President De Valera, "of the
Irish republic" to pay Baltimore a
visit while he is in the United States.

CARRIES OUT 14 POINTS

Lansing Admits, However, Before
Senate Committee That Shan-
tung Violates Principles

Washington, Aug. 7.—Secretary
Lansing before the Senate Foreign
Relations Committee yesterday, ex-
pressed the opinion that the Shantung
provision of the peace treaty did not
square with President Wilson's enun-
ciated principle of self-determination
but maintained that the treaty as a
whole carried out "substantially" the
President's 14 points.

Declaring his unfamiliarity with
many details of the peace negotiations
and of the treaty itself, secretary
told the committee he was unable to
answer many of its questions and re-
minded Senators in answering others
that he merely was expressing his
own personal views.

"Ask the President" the Secretary
said when pressed for details of the
Shantung and league of nations nego-
tiations. On three of the points raised
he asked permission to refresh his
memory and make a statement to the
committee later and when he was
asked for a detailed construction of
the labor and reparations clauses, he
protested that he could not be expected
to carry the minute of an 80,000
word document in his mind and re-
minded the committee it was much
easier to "ask questions prepared re-
forehand" than to answer them off-
hand.

As his own personal views, Mr.
Lansing said that Japan probably
would have signed the treaty without
the Shantung provisions; that the
United States should ask no part of
the German reparations; that the Kai-
ser could not be legally tried, and
that the mutual guarantee of ter-
ritorial integrity from external ag-
gression, as contained in article 10
of the league covenant imposed a
moral obligation but not a legal one.

TO TAKE ACTION AGAINST PACKERS

Antitrust Suits Will Be Filed
Immediately Against
Big Five

VIOLATORS OF LAW

President Wilson Will Appear Before
Joint Session of Congress Tomor-
row.

Anti-trust suits against the great
meat packing firms were announced
yesterday by Attorney-General Pal-
mer as the first concrete develop-
ment of the Government's campaign
to reduce the high cost of living.

Armour, Swift, Morris, Wilson and
Cudahy, who have been pictured in
the investigations of the Federal
Trade Commission and before Con-
gressional committees as a great com-
bination in control of food products,
are to be haled again before the Fed-
eral Courts by special prosecutors.

The evidence in hand Attorney-
General Palmer declared, indicated "a
clear violation of the antitrust laws."
Whether the prosecution would be
civil or criminal, the Attorney-Gen-
eral declined to state, merely recall-
ing that the law provided for both.

The history of all the Government's
antitrust prosecutions in 25 years does
not show a single individual ever serv-
ing a jail sentence for a violation.
There are evidences that the govern-
ment hopes for some in the present
campaign.

ULTIMATUM TO HUNGARY

Roumania Makes Demands Far in Ex-
cess of Armistice Terms

Paris, Aug. 7.—Messages reaching
the Peace Conference advise that body
that Roumania has served an ultima-
tum on the Hungarian Government
making demands far in excess of the
armistice terms.

The messages first received stated
that the Hungarians had been given
until 8 P. M. today to comply with the
demands. Later advices showed that
there had been an error in telegraphic
transmission and that the ultimatum
expired at 8 p. m. yesterday, August
6. The Peace Conference had not been
advised up to mid-afternoon as to
what had occurred in Budapest as a
result of the Roumanian action.

The ultimatum stated that if the
Hungarians refused to accept, the
terms laid down, the Roumanians
would take possession of all material
and animals required to repair the
damage inflicted by the enemy upon
Roumania.

The fear was expressed in confer-
ence circles that Roumania's action
would result in the overthrow of the
new Hungarian Government.

French circles state that the Rou-
manian army is not under the com-
mand of Marshal Foch, the Allied
commander-in-chief, the Roumanian
general refusing to accept orders
from the French. The Roumanians have
not been actively participating in the
Peace Conference since Premier Bra-
tiano some time ago took exception to
the decision of the conference upon
the principle guaranteeing the rights
of minorities within national borders.

In their ultimatum the Roumanians
demand the reduction of the Hungar-
ian army to 15,000 men and the sur-
render of 50 per cent of the harvest,
animals and farm machinery and 50
per cent of the railway supplies.

The ultimatum, which was forward-
ed to Paris by Lieutenant-Colonel
Romanelli, of the Allied military mis-
sion, and Col. W. B. Causey, U. S. A.,
of the relief administration now in
Budapest, also demands a large pro-
portion of the Danube shipping and
equipment and supplies for an army
of 300,000 men together with rations
for the Roumanian forces pending a
peace settlement.

EX-SOCIALIST BEATEN

Former State Senator Thomas Loses
in Lynchburg Election
Lynchburg, Va., Aug. 7.—In the
primary election in Campbell county
Tuesday former State Senator A. F.
Thomas went down to defeat before
Robert A. Russell, present member
of the House of Delegates from
Campbell county, for the State Sen-
ate from the district composed of
Lynchburg and the county of Camp-
bell.

E. A. Hicks, president of the
Board of Supervisors of the county,
had defeated E. F. Ginther, who
was formerly a leader in the Social-
ist party.

Senator Thomas formerly rep-
resented the district in the State Sen-
ate, having been elected as a democ-
rat. He turned Socialist, but de-
serted that party, as did Mr. Gin-
ther, on its war record. Mr. Brook-
nail Union Star, a Socialist weekly,
and was elected Mayor of that town
several years ago.

Mr. Thomas is one of the officials
of the Thornhill Wagon Company,
a large industry here. He lives in
the suburbs of the city.

EXCEEDS SPEED BY KNOT AN HOUR

Trial Trip of Betsy Bell
Highly Satisfactory to
Officials

TRIP TO ANNAPOLIS

Speed of Twelve Knots an Hour Made
On Trip—Government Regulations
Only Call For Eleven Knots.

The Betsy Bell, built at the plant
of the Virginia Shipbuilding Cor-
poration, which made her trial trip
to Annapolis yesterday, returned to
Alexandria at 9 o'clock last night.

The trial trip was a success in
every particular and the ship ex-
ceeded her speed requirements set
forth by the government.

She made one knot an hour more
than the standard. The speed test
is eleven knots an hour and the
Betsy Bell all through the trip made
twelve knots an hour.

Officials of the U. S. Emergency
Fleet Corporation, U. S. Shipping
Board and of the Virginia Shipbuild-
ing Corporation, were well pleased
with the splendid showing made by
the ship on her trip.

The Vanada which was recently
launched at this company's plant,
which is a similar ship to the Betsy
Bell, probably will go from this port
August 2, in charge of Captain
George. She will carry freight be-
tween New York and the United
Kingdom, having been assigned to
the American line.

The Betsy Bell was launched May
24 and the Vanada was launched
June 21.

FOURTH LAUNCHING

Many Prominent Government Officials
Will See Big Freighter Make Maid-
en Plunge.

Miss Mary Dixon Palmer, daugh-
ter of Attorney General and Mrs. A.
Mitchell Palmer will be sponsor at the
christening of the steamship Chan-
cook, which will be launched at 4
o'clock Saturday afternoon. Previous
launchings at this plant have occur-
ed at 2 o'clock in the afternoon.

It is expected that a large dele-
gation from Washington and other near-
by cities will attend the launching in-
cluding the officials of the Virginia
Shipbuilding Corporation.

The Hancock will be the fourth big
steel freighter to be launched by this
corporation. The last ship launched
the Vanada and the first was the
Gunston Hall.

Work on the other ships being built
for the government is progressing
rapidly and it is expected that with-
in the next three months as previous-
ly stated, this corporation will begin
the work of laying keels for private
corporation.

It is stated that the Virginia Ship-
building Corporation already has con-
tracts for the construction of a large
number of ships for private corpora-
tions which will require several
years to complete.

At the present time about 2,500
men are employed at this plant. More
progress is now being made at the
plant in its work than ever before in
its history.

BURNS HER GIFTS:

THEN SUES FOR OWN

Wilkesbarre, Pa., Aug. 7.—Too
proud to pay further courtship to a
girl who is not immune to the smiles
of others, Joseph Kruks burned the
gifts of his sweetheart, Miss Anna
Hollis, and followed this act with a
suit before Alderman Brown for the
return of his own presents. Miss
Hollis is seventeen years old and
Kruks is twenty-two.

The case was dismissed by Alder-
man Brown, but not before Miss Hol-
lis entered a protest. She said she
was willing to return a watch and
ring given her by Kruks, but wanted
reparation for handkerchiefs and cuff
links which the watchful worker had
destroyed. She said she worked hard
to earn the money for her gifts.

CLIQUE FIXES PRICES

Basic Cause for High Cost of Food
Investigation Discloses

Washington, Aug. 7.—Price fixing
by an invisible combination of mid-
dlemen is given by investigators as
the basic cause of the present high
cost of living in the District of Co-
lumbia.

Senator Ball, chairman of the in-
vestigation committee of the Senate,
had his attention called yesterday af-
ternoon to this phase of the profit-
teering epidemic which has reached
an acute stage in this city. He was
told that a combination of dealers
as secretive in their manipulation of
prices as were the "Mystic Seven" of
Persia in their control of Persian poli-
tics years ago, have strangled honest
competition here, and have the small
dealers in stores and the big markets
completely at their mercy.

The combination complained of op-
erate mostly in farm products, and
fix the price of such necessities from
day to day, operating from the whole
sale market localities along Louis-
iana avenue and B street, contiguous
to Central Market.

In the proposed "round-up" of the
pricefixers and competition-killers of
Washington will not be overlooked.
Retail dealers who are at the mercy
of this invisible ring say they will be
as glad as anyone else to see drastic
steps taken to deprive the pernicious
middleman of their present power of
throttling competition, which is fa-
miliarly known as "the life of trade."

It is pointed out that those who fix
the prices absolutely control the farm
products that come to Washington
hence have the situation in their own
hands.

Still other angles will be the alleged
disposition of surplus supplies of
vegetables and fruits that are said to
be condemned and consigned to the
garbage plant to prevent a glut of
the market and to keep up the prices
and "the relation of the cold storage
plants to the outrageous high cost of
living."

A spectacular feature of the in-
quisition, it was said last night, may
be as to an alleged "blacklist" for
those retailers who violate the edict: as
to the fixed prices, and farmers who
sell to those not recognized by the
mystic invisibles, such as community
stores, cut-rate dealers and others.

FORD CASE TO GO TO JURY TUESDAY

St. Clements, Mich., Aug. 7.—The
Henry Ford-Chicago Tribune million-
dollar libel suit instituted by the au-
tomobile manufacturer following pub-
lication in the Tribune of an editorial
calling Ford an anarchist, entered the
last lap today when attorneys for the
plaintiff and the defense will "sum-
up" their cases. The trial is expected
to be in the hands of the jurors by
next Tuesday.

The arguments today centered on
the definition of the word anarchist.
In this connection counsel for the
defense presented ninety-eight charges
they want read to the jury. The de-
fense offered sixty charges.

whose home is in California, but
who came to Danville upon being

o'clock with two suitcases. Graham
discovered his loss at night. He

FINANCIAL DEMAGOGUES

The country is about to be afflicted with another set of financial demagogues. They first appeared in the form of Greenbackers, and later in the form of Free Silverites. Both of these groups started with the assumption that government can create property and value by fiat, or by issuing paper notes or other forms of debt. Now come the brotherhoods of railway employees, headed by men who are evidently relics of the other two groups, advocating the purchase of the railroads of the country by the people, payment therefore to be made in the form of bonds, which are nothing but evidences of debt.

As the New York Herald says, "bonds are good for nothing unless money can be raised on them, and the promoters of the Government railroad scheme expect to float these bonds and compel the capitalists (who are the masses of the hard-headed people) to accept the bonds at par."

"Do the brotherhoods think for one moment that an issue of bonds creates property that may be easily exchanged for railroads? If so the government or the people might print an endless quantity of bonds and notes and call them property at wealth."

"The wild scheme of the railroad brotherhoods simply means a large addition to the debts of the taxpayers without the slightest increase in the nation's assets until the bonds or the debts represented by them are paid. Flat money and flat bonds mean simply debts and liabilities, not assets. The people cannot get rich and prosperous and cannot solve the problem of high prices simply by increasing their debts."

AN ANCIENT ISSUE

Nearly twenty-five centuries ago King Ahasuerus became incensed when defied by Vashti, his wife. He set her aside, and the Good Book tells us "he sent letters into all the king's provinces, into every province, according to the writing thereof, and to every people after their language, that every man should bear rule in his own house; and that it should be published according to the language of every people."

A lawyer of Norfolk recently published a book in which he alleged that, according to present laws in Virginia, control of a house had virtually passed from the husband to the wife, the former having but few rights left. It seems that husbands in other places are merely the figure heads of families.

Husbands and wives will find solace or distress, as the case may be, in the decision recently handed down by the Domestic Relations Court of Cleveland, Ohio. For 38 years the plaintiff wife and defendant husband had disagreed as to who should open the pay envelope on Saturday night. Husband, 68 years old, told the judge that he was willing, after deliberation, to hand wife, 81 years old, the unopened envelope containing the weekly fruits of his labor. This the court ruled should be done.

RUN BY THE BROTHERHOODS

The aim of the railway brotherhoods is perfectly clear.

The proposition, in few words, is to saddle upon the public the cost of taking over the roads, which are in turn to be handed to the brotherhoods to run and exploit.

The public is to provide the money, amounting to many billions, for the express benefit of a class.—(Philadelphia Inquirer.)

GRANT VOID SAYS WILSON

President Interprets Japanese Statement on Surrender of Shantung
Washington, Aug. 7.—President Wilson late yesterday issued a statement in which he calls attention of Japan to the fact that this government does not recognize that negotiations between China and Japan in 1915 affect in any way the surrender of the Shantung peninsula.

This followed a statement from Baron Uchida, Japanese minister of foreign affairs, made public through the Embassy here, which intimates surrender of the Chinese province will hinge to some extent on prior Japanese-Chinese negotiations.

The President is "to throw a fuller light of clarification upon a situation which ought to be relieved of every shadow of obscurity or apprehension."

Japan says she is willing to surrender Shantung to China as soon as possible after the peace treaty is ratified by Japan and that she has no intention of claiming or retaining any rights which affect the territorial sovereignty of China in the peninsula. Japan says this will be done "abiding faithfully by the pledge she gave to China in 1915."—the year the famous twenty-one demands were presented.

It is here say diplomats, that the President moves to clear any possible misunderstanding.

He makes it clear that 1915 negotiations or agreements do not enter into the question, and that no reference was made to them in peace treaty negotiations by which Japan obtained title to the peninsula.

He also points out that it is the understanding of the United States that any economic privileges are to be retained.

He says nothing he said must be construed as acquiescence on his part to the policy contained in notes exchanged by Japan and China in 1915 and 1918.

FAMINE OF GIRLS

Unparalleled Shortage of Women Workers in New York Causes Big Gain in Wages

New York, Aug. 7.—New York is in the grip of an unparalleled shortage of women workers. Tens of thousands of jobs await trained and untrained girls in every conceivable line of industry wages are skyrocketing and all sorts of inducements in the way of working conditions are being offered by employers. Yet factories and large commercial concerns almost without exception report that sufficient help is not to be had.

(Communicated)

Editor Gazette:

Dear Sir:
In an issue of your paper of August 1, 1919, in an article recounting the activities of the colored War Camp Community Service of Alexandria covering a period of six months, the following extract is noted:

"The Progressive Mothers' Club at the first regular meeting petitioned for a new public school for our children and at the second meeting a petition was framed and presented. These plans were executed by the joint effort of the Mothers' Club and the Parent Teachers' Association. This petition went through successfully at the first meeting of the City Council. Work on the new structure has begun to the delight of parents, pupils, and teachers."

This statement is not only ridiculously erroneous and an absolute misrepresentation of the facts in the case, but is a reflection on school board, city council and the colored citizenship of Alexandria.

It is clearly apparent that the writer's knowledge of local conditions and the general situation is sadly deficient.

Briefly stated the facts are as follows:

For a number of years the white and colored citizens of Alexandria had realized that the colored children of our city were in need of a modern school building. About three years ago, shortly after the partial destruction by fire of one of the old frame buildings used for boys, the colored citizens of Alexandria, through an intelligent and representative committee, framed a petition fully setting forth our local needs, and presented it to school board through the Superintendent of schools.

Madam Nevada

Gifted Palmist and Clairvoyant

She does not tell things to please you, but reads your hand just as it indicates, from the cradle to the grave; tells every person what steps in life to take to better themselves; what part of the country is best for them.

tells you how to become healthy; remain so; what business you are adapted for when and whom you will marry; settles and explains love affairs and family troubles; reunites the separated. Does everything seem to go wrong and has fortune never smiled upon you? Has your life been empty? Do not despair as you can yet learn the true road to success and happiness for both await you if you will only know how when and where to find them which will be revealed to you. She tells you what you have done and what you are doing now and what you are going to do. All told without asking a single question. She has helped others, why not you?

No matter what may be your ambition, hope or fears, she guarantees to help you. Are you in trouble? Do you find the one you have bestowed your trust and affection upon uncool and indifferent toward you? She will remove all obstacles and tell how to win and hold the one you desire. She guarantees satisfaction or no charge.

This petition received the unanimous indorsement of board and in due course of time was transmitted to school committee of city council and was accorded a consideration in that body equally as cordial. Further consideration by council and board was arrested on account of activities incident to war.

Following a return to peace, our new and aggressive chairman of school board took up the matter again with the officials of council in the early part of present year, and through numerous conferences of these officials supported by the evident interest that the colored citizens themselves exhibited in the affair, a modern school building for the colored children of Alexandria, became an assured fact.

The colored War Camp Community Service of Alexandria with its combined activities exerted about as much influence in bringing about the erection of a new school building in Alexandria for colored children as that exerted by Julius Caesar in bringing about the defeat of Germany and her Allies in the great world war just terminated.

It is a happy reflection to note that the specific requests embodied in that petition of three years ago viz: "the selection of a new site with ample playgrounds, a modern brick structure of sufficient size to accommodate our boys and girls, with an assembly room and rooms for our industrial departments," are fully complied with by board and council in the plans and specifications of new building.

Adequate equipment of the industrial department is a matter of sufficient interest and moment to enlist the sympathy and cooperation of every colored citizen and organization of Alexandria to the end that ample funds should be provided through a systematic campaign to meet all requirements.

The Parent Teachers' Association and Mothers' Club, previously referred to, are doing a splendid work in stimulating interest and promoting activities in this direction and are deserving of great credit for their earnest efforts.

After all, there yet lies before us a plenty of work from willing hands, and, in the end, glory enough for all.

Sincerely yours,
Colored Citizens.

AFTER SUGAR DEALERS

Pittsburgh Officials of Central Company Face Profiteering Charge
Pittsburgh, Aug. 7.—Warrants were issued yesterday afternoon for the arrest of three officers of the Pittsburgh branch of the Central Sugar Company, of Chicago, charged with profiteering. The informations, which were sworn to by Special Agent Edgar J. Spear, of the Department of Justice, charged that the company during the last two weeks sold sugar at 14 cents a pound wholesale.

Mr. Spear procured a search warrant to examine the books of the sugar company. Records of sales of sugar at prices several cents in excess of the figure fixed by the sugar equalization board, it was said, will be seized.

Simultaneously with issuance of the warrants, the office of the United States district attorney issued a statement asking cooperation of the public in running down food profiteers, promising prompt prosecution of all violators.

Chicago, Aug. 7.—The Central Sugar Company is a wholesale dealer in sugar and has been in business 15 years, George W. Sheehan, president of the company, is out of the city. Luray Va., Aug. 7.—Two of the most severe electrical storms of the season passed over the northern and southern parts of Page county Tuesday night in the neighborhood of Burner's Bottom, in the northern part of the county. Hail added its quota to the damage done by wind, rain and lightning.

Wind and hail are reported to have almost denuded the orchards. The storm followed the Massanutten Mountains and the Shenandoah River sections that are cut off from telephone connection.

Another storm in the southern part of this county, following quickly the one in the northern part, is said to have been almost as severe as the other.

PLANS FOR PEACE ARMY

Universal Training For Youths of 19 Provided—Seniority Discarded
Plans for a permanent peace-time army of 510,000 officers and men and a system of universal military training were transmitted to Congress Tuesday by Secretary Baker.

Plans were embodied in a bill which represented the policy of the War Department with respect to the peace-time military establishment. Under the measure all special services built up during the war would be maintained as separate branches, except the chemical warfare service which would be merged with the Engineers' Corps.

A three-month military training for youths of 19 would be made compulsory and promotion of officers by seniority would be abolished.

Secretary Baker said the war had shown this system of promotion to be defective.

BOLSHEVIK IS HANGED

Copenhagen, Aug. 7.—Developments in the sensational murder of the Bolshevik agent, Ardasjeff, in a villa near Stockholm reveal that Wanda Gyszer, the 17-year-old daughter of Gen. Gyszer, reputed to be the most beautiful girl in Sweden, was present when an anti-Bolshevik committee of thirty persons, including Gen. Gyszer, decided upon the execution of Ardasjeff.

The prisoner was tied to a chair and received no food nor water for twenty-four hours. At midnight the committee arrived and held a council before him. Miss Gyszer whose love Ardasjeff had rejected advised hanging. This was done in her presence, the girl watching intently the death struggle of the prisoner dangling from a beam.

Surface lines also are involved in the strike.

The strike began in a desultory way at 5 o'clock yesterday morning, spread rapidly throughout the day, with accompaniments of occasional small-size riots and somewhat bound crowds were compelled to resort to riding on wagons, trucks and automobiles in order to reach any section of Brooklyn.

UNIONS JOIN

Fourteen Organizations Combine in Demands on Hines

Acting as a unit for the first time in the presentation of wage demands the fourteen principal railroad unions yesterday in expressing to Director General Hines their disapproval of President Wilson's proposal that Congress create a commission to consider increased pay, declared that wage questions must be settled immediately.

A general program to meet the present crisis, involving the threat of a nation-wide strike, was submitted to the director general. It was suggested that the money to provide increased pay should come from an appropriation by Congress, to be followed by appropriate freight rate advances. This "temporary relief" must be accompanied by a determined effort to reduce the cost of living.

CITY TAXES 1919.

Collectors Office August 5, 1919.

Notice is hereby given that I am now prepared to receive the City Taxes for the year 1919.

The City Council has extended the limit in which all persons who pay their taxes for 1919 in full shall receive a discount of five (5 per cent) if paid prior to September 1, 1919.

I would urge tax payers not to delay payment of their bills to the very last days, as Council has allowed ample time, and no discount will be allowed after August 31, 1919.

Bring a list to make sure you get bills for all your property, as I will not be responsible or allow the discount after the time fixed by City Council.

R. F. GORMAN, City Tax Collector.

TRAIN HITS TRUCK

White Man And Negro Struck Near Seaford, Delaware

Seaford, Del., Aug. 6.—Two were killed, a white man and a negro, and two injured, also a white man and negro, at the crossing in front of Colonel James J. Ross' home, one mile from Seaford, Tuesday morning, when a southbound passenger train struck a truck belonging to Colonel Ross, in which were riding Edgar Willey, white; Albert Houston and George Jannon, colored, all employees of Colonel Ross.

A storm was brewing at the time and Houston, who was driving, failed to hear the train. The train struck the truck, wrecking it and killing Willey and Cannon outright. Houston was severely injured, but his wounds will not prove fatal. Engineer Callaway, of the passenger train, was cut by flying glass, but not seriously hurt.

VIRGINIA WETS WIN

Temperance Advocates Not Sure of Having Saved Legislature

Richmond, Va., Aug. 7.—Late returns from Tuesday's primaries to nominate legislative candidates show a large number of men favoring the abolition of the State prohibition department to be winners.

The temperance forces were defeated in several of their strongholds. Just whether the anti prohibition department forces will have a majority in both branches of the legislature is not yet known, as the results are in doubt in several places, but indications are that the temperance advocates have lost control of a number of the most important districts in the State.

Warrenton, Va., Aug. 7.—Complete returns from the primary election of Tuesday give William Horgan 263 majority over Major R. A. McIntyre for Commonwealth's attorney for the State Senate. Capt. J. Brad Beverly also received a plurality of approximately 260 over Lucien Keith and F. E. Bowman.

This represents the State senatorial district of Loudoun and Fauquier counties. Keith is the present representative in the State Senate, and his defeat came as a great surprise.

7 CENT FARES CAUSES RIOT

Muskegon, Mich., Aug. 7.—All street car traffic was suspended here yesterday as the result of disorders beginning late last night and continuing until daybreak following refusal of passengers to pay a 7 cent fare.

A mob of several hundred persons attacked street cars during the night, burning two of them and tipping over a score of others. Several rioters were injured when the police, traction employees and special deputies dispersed the mob.

GOLD-BRICK SWINDLE

Chester Man Parls With Good Bank Notes Expecting to Get \$1,000

Chester, Pa., Aug. 7.—Michael Kobylmyk, a downtown grocer, is mourning the disappearance of \$900, all in new \$20 bank notes, which Kobylmyk handed over to a couple of his fellow countrymen Tuesday in order to get \$1,000 in gold. When the men and the gold failed to put in an appearance on scheduled time Kobylmyk became worried, but he waited until this morning to complain to the police.

"Fifteen," ejaculated Detective McNeal, to whom Kobylmyk told his tale of woe, imploring help to get his money back.

A couple of slick strangers called on Kobylmyk a few days ago and began to bargain to buy his grocery store, offering a good price for the business.

Yesterday they called to complete negotiations, but neither of the prospective buyers had much money.

Another man was introduced to Kobylmyk, and while the third man did not have much ready money, he produced several squares of yellow metal which looked to Kobylmyk like the real goods.

"It's gold," said one of the men in a whisper to Kobylmyk, "and—he knows where he can get a lot more of it. If you want him to he will get you \$1,000 worth and all it will cost you is \$900."

All three men left to get the gold, taking Kobylmyk's \$900 with them. They have not returned to complete the purchase of the grocery business.

SAYS VA. DIVORCE IS NO GOOD IN DISTRICT

Attacking the validity of a void decree, Hilton Jones has filed suit for custody of his child, seven year old Lillian Jones, who is now held by the mother, Bertha Jones. Jones in his petition asserts his wife is not a fit person to care for his child. He says that the absolute divorce decree issued by a Virginia court to his wife last May is null and void, because his wife is a resident of the District. He is represented by Attorneys King, Simon & Young.

"WETS" WIN IN RICHMOND

Prohibition Senate Candidate Loses Out in Primary

Richmond, Va., Aug. 7.—Despite the fact that a number of voters still confused his name with that of Dr. James Cannon, leader of the prohibition forces in Virginia, for some years, James E. Cannon, brother of Mrs. Basil D. Spaulding of Aberdeen, Md., was renominated for the State Senate from Richmond in Tuesday's Democratic primary, this being practically equivalent to re-election.

In the last primary, when Senator Cannon first offered his name, it was so generally confused with that of Dr. Cannon he felt constrained to issue a statement setting the voters straight. He was then a "wet" candidate and his chances of election were imperilled by the confusion of names. Yesterday's contest was a three-cornered one, in which Senator Louis Wendenburg failed of renomination, the other successful candidate being former Congressman Morgan R. Mills.

Previously aligned with the "wets," Wendenburg was classed as a "dry" this time and was generally supposed to be the favored candidate of Prohibition Commissioners. Peters.

Husband, George Six Years, Finds Spouse Married Again

Wells charges his wife became infatuated with Eilers and eloped with him.

Gen. Lopez Gutierrez, rebel leader, is retreating to Macagua, about 25 miles north of the Salvadorean frontier, according to the announcement.
